

TheBroth.com is a novel web-based art form that allows people to work together to create mosaic art. Each room has 1000 colored tiles that can be moved simultaneously by everyone in the room. Artworks can be displayed in the gallery for everyone to see and give feedback.

Not only is TheBroth a great way to meet others creatively online, but it's also possible to work on your individual creations. At TheBroth, anyone can be an artist, whether you're a beginner or very experienced. TheBroth offers a unique and fun art experience where everyone can become part of an exciting online art community.

TheBroth is the creation of Australian-based company TheBroth Pty Ltd, working on the convergence of digital collaborative art, social networking and multiplayer online gaming.
